ITM University Gwalior

2023 - 2027

### Senior Secondary (XII), State Board Of Technical Education Bihar, Patna

Government Polytechnic College, Muzaffarpur, Bihar

2022

## PROJECTS

### [Blog Post manger ↗](#)

Apr 2025

This is the project for blog post managing where we can post blog , update blog , search all blogs , search a particular blog , delete a particular blog and so on. we have user section too where users can add, see their posts, we can also see users by id which is helpful for admin , delete users if any inappropriate user came and so on. In this project it also shows the time at which blog has posted and also the time when blog has updated. This is the basic project I have made for managing all the blog things and try to build a project for blog post manager.

## SKILLS

- C++ Programming
- Python
- Java
- Strategy
- MySQL
